

## Rules of Thirty30+ Tennis

To further shorten matches an additional alternative to the Thirty30 (T30) scoring method where every game starts from 30-30 is "**Thirty30+ (T30+)**" ("thirty-thirty-plus") where the "**No Ad**" Rule **IS USED**, (i.e. a deciding 'sudden-death' point is played at Deuce), Service Receiver to decide 'deuce' or 'advantage' side.

The maximum number of Deuce points played during a Game is limited to either **ONE** or **TWO** or **THREE** when a 'sudden-death' point is played at Deuce.

Either:

**'Golden' Deuce** - A 'sudden-death' point is played after the **FIRST** Deuce

i.e. a maximum of **THREE** points are played per game.

Or:

**'Silver' Deuce** - A 'sudden-death' point is played after the **SECOND** Deuce

i.e. a maximum of **FIVE** points are played per game.

Or:

**'Bronze' Deuce** - A 'sudden-death' point is played after the **THIRD** Deuce

i.e. a maximum of **SEVEN** points are played per game.

The score of "**Deuce 1**" ('Golden' Deuce), "**Deuce 2**" ('Silver' Deuce) or "**Deuce 3**" ('Bronze' Deuce) is called out.
