THIRTY30 (T30) TENNIS

Thirty30 (T30) Tennis is an exciting, shortened format for playing matches.

The shorter format makes hosting a tournament easier while providing players with a better experience.

The Thirty30 format is simple with four rule changes:

- every game starts at "30-all", i.e. 30-30, announced "Thirty-Thirty" at the start of each game
- a 'Short Set' (9-point) Tie-Break is played at 6 games-all
- change ends after two games, then after every four games, i.e. A B / change ends / A B A B / change ends / etc.
- Player A serves first in first set; Player B serves first in second set and Player A serves first in third set; ...

Note that the Deuce and Advantage points are played out as per traditional tennis.
